

## WEB DEVELOPER WORDPRESS (PHP) (M/W/D)

### ABOUT INSIDERS

We are visionaries, innovators and technology enthusiasts who are keen for a common goal: to convert the most modern AI into actual customer benefits. We want to create the foundation for success through digital automation. Above all, we have one thing to do: our passion for what we do.

You want to make a difference? Do you want to become part of an agile and motivated team and take responsibility from the start? Then you are right with us!

As a WordPress developer in the Insiders Marketing Team, you are responsible for the further development and maintenance of the existing websites as well as the internal communication platform as a desktop and app variant. So you are in close contact with the internal design team and the mobile app developers.

### AUFGABENSPIELS

- You are responsible for developing, customizing and expanding WordPress websites and existing themes
- You take over the design and development of web interfaces (REST API's)
- In addition to optimal page performance, you'll ensure the safety and quality of the website with the help of tests and bug fixes
- You develop monitoring with suitable KPIs and create meaningful statistics and reports on the development of websites

### PROFILE

- You have a well-completed computer science or web design study or a comparable qualification
- You have first experience in frontend and backend development
- You are sure to use web technologies such as PHP, HTML, CSS and JavaScript
- Ideally, you have knowledge about the popular Adobe programs (InDesign, Premiere, Photoshop, etc.)
- You are team-oriented and strong in terms of communication and have a structured and result-oriented working method

### THAT AWAITS YOU WITH US

- Dynamic enterprise with flat hierarchies and an open feedback culture
- Individual training promotion and development opportunities
- National and international partners and customers from almost all industries and sizes
- Technologically leading company and proximity to innovation in the areas of software and cloud services
- Attractive compensation

What are you waiting for? Apply via our online form. We look forward to receiving your application with your possible start date.

As soon as we have received your application, we will check it. If everything from our site suits, you will be invited to get to know a short first digital. The next step is an interview on site. You can find out all further details in the first meet.
